This 1-day **(4 hour)** Certification Program is designed to train candidates in the methods of effective self-defense and safety awareness utilizing SABRE pepper spray. This course will enhance the students' knowledge in the use and deployment of SABRE pepper sprays. Students will learn the essential facts about pepper spray, proper ways to carry pepper spray, how to deploy it effectively against an assailant, methods of teaching, decontamination techniques, as well as actual practice using inert canisters. By attending this course, candidates will learn the SABRE Safety Awareness Concept and how to understand and adopt its principles. Candidates will also be tested both via a written examination and a practical examination which gauges their skills and qualifications.

**Per T.C.A. This certification does not expire, however it is recommended
by SPI that one challenge themselves at least every for 2 calendar years
as skills are perishable.**

TOPIC COVERED IN THIS PROGRAM INCLUDE:

Effectiveness / Safety / Legal Issues
Self Defense / Survival Techniques
